

Children's Rights Art Gallery

When: May 2016

Where: Pentland Primary School

Who: All classes!

What: Sharing our learning

We showed off our learning about children's rights through art.

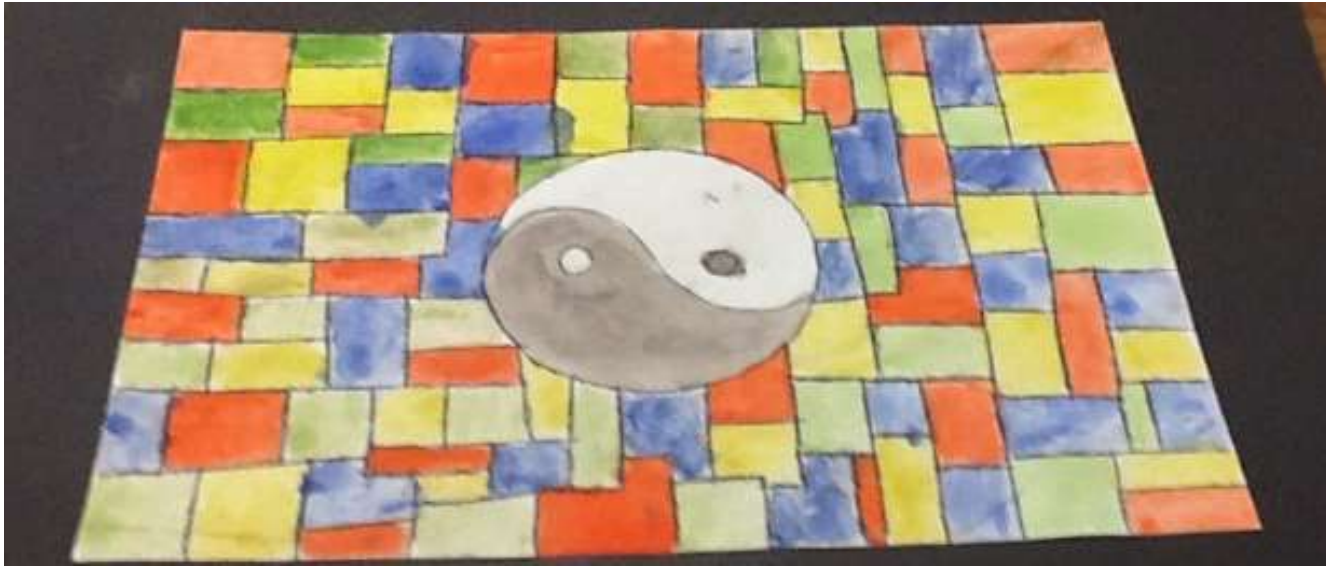

“Respect for Oneself, Others,
Opportunities and Our Learning”

Each class chose an artist or type of art to represent their learning of the rights of a child.

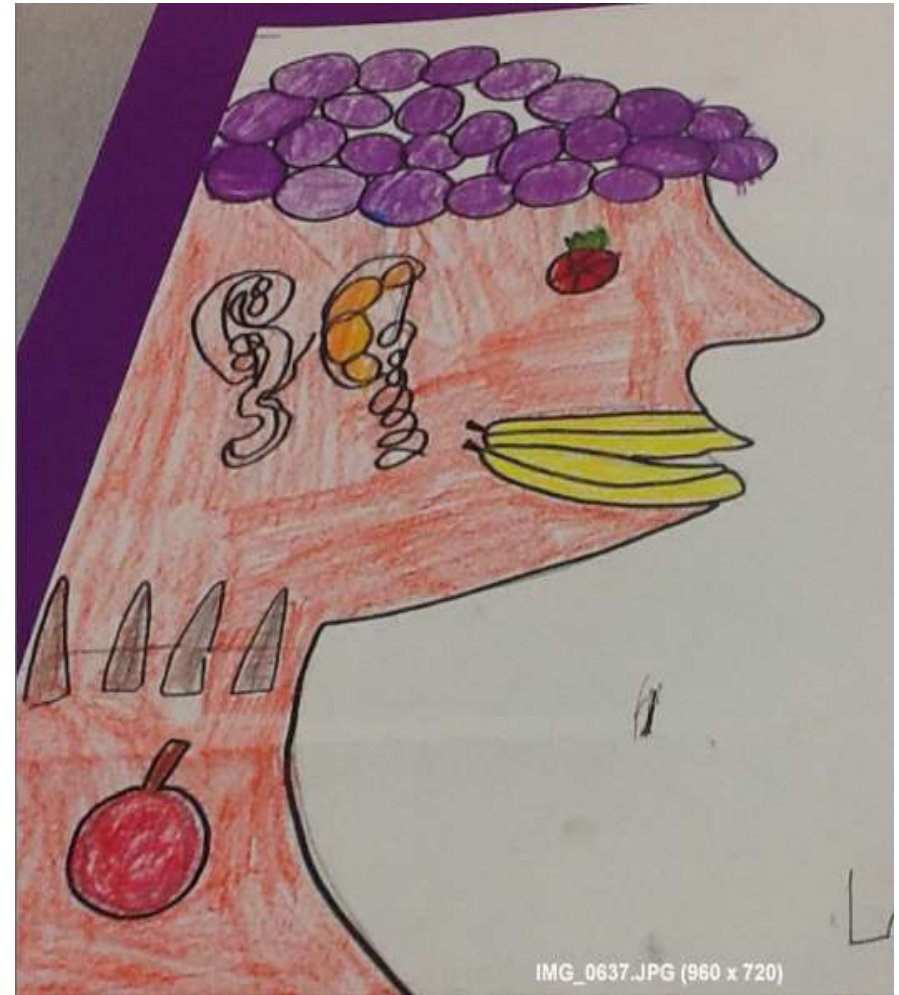

Can you spot the rights that have been represented in the art work?

We shared our learning of children's rights with our families. They came to our school to support us and help us to feel proud of our work.
