

Learning for Sustainability

When: Friday 25th November 2016

Where: Pentland Primary School

Who: All classes!

What: Sharing our learning

“A wonderful event, I am delighted to have been invited along. I was a great chance to see all the learning that has been going on.”
(Grandparent)

“I’ve had a great time, I even learned something today!” (Mum)

“Respect for Oneself, Others, Opportunities and Our Learning”

Before our event, we made sure to invite all of our families and friends to share in our learning. This led to a huge turnout to our Learning for Sustainability event. It was wonderful to see our school so busy with excited children and adults.

Every classroom looked wonderful and was full of knowledge and understanding about the world that we live in. Singing, presenting, art work, posters were just a few of the ways we chose to show off what we had learned. Some classes even encouraged the parents to try out some of the activities that they had done.

“It is great to see how many families have come along to our school today to share in our learning. It is so encouraging to see how well we are supported.”
(Teacher)

“I am so excited for my mummy to arrive to show her everything I have done.” (Pupil)
